

# Experiences in Osnabrück

**Standardisation & Interoperability Bus-Charger Online Workshop**

**Joachim Kossow, SWO**

This project has received funding from the European Union's Horizon 2020 research and innovation programme under grant agreement No 769850.

# Current situation

- **Stadtwerke Osnabrück has commissioned almost 62 articulated electric busses in the past 3 years**
- **Recently our 4<sup>th</sup> fully electric bus line was taken in electric operation**

# Osnabrück demo in ASSURED

- **Great effort of everyone involved**
- **Despite the pandemic and technical challenges all buses and chargers were finally running**
- **Experiences were great for drivers, customers and most people involved.**

# Future plans

- **We are planning to fully electrify our bus fleet in the upcoming years and also our subcontractors**
- **Therefore interoperability is key!**
- **In the future we are going to need standards for charging – ASSURED 1.0 is a great basis**

# Thank you!
